

POETRY.

FOR LOVE IS STRONG AS DEATH.
BY BERNARD AND LUCY BARTON.
They err who deem love's brightest hour
In blooming youth is known:
Is purest, tenderest, holiest power
In latter life is shown:
When passions chastened and subdued
For riper years are given,
And earth and earthly things are viewed
In light that breaks from Heaven.

It is not in the flush of youth,
Or days of cloudless mirth,
We feel the tenderness and truth
Of love's devoted worth:
Life then is like a tranquil stream
Which flows in sunshine bright,
And objects mirror'd in it seem
To share its sparkling light.

'Tis when the howling winds arise,
And life is like the ocean,
Whose mountain billows brave the skies
Lash'd by the storm's commotion;
When lightning cleaves the murky cloud,
And thunder peals around us,
'Tis when we feel our spirits bowed,
By loneliness around us.

Oh! then, as to the seamen's sight
The beacon's trembling ray
Surpasses far the lustre bright
Of Summer's cloudless day,
E'en such to tried and wounded hearts
In manhood's darker years,
The gentle light true love imparts
Mid sorrows, cares, and fears.

It beams on minds of joy bereft
Their fresh'ning brightness bring,
And show that life has something left
To which their hopes may cling;
It seals upon the sick at heart,
The desolate in soul,
To bid their doubts and fears depart
And point a brighter goal.

If such be Love's triumphant power
O'er spirits touched by time,
Oh! who shall doubt its purest hour
Of happiness sublime?
In youth 'tis like the meteor's gleam
Which dazzles and sweeps by;
In after-life its splendors seem
Link'd with eternity!

TO MILL OWNERS & MILLERS.
The undersigned, owners of Merchant Flouring Mills, in Pennsylvania, Ohio, and Western Virginia, having severally purchased and for some time had in operation, French Burr Mill Stones, manufactured by Mr. John Rhey of the city to Pittsburgh, take a pleasure in stating that their Burrs, both in the quality of the material and in the workmanship, have given the most entire satisfaction.

The enterprise manifested by Mr. Rhey in establishing this manufactory, his exertion in procuring the most experienced workmen, his care and skill in the selection of stone of a superior description, strongly recommend his establishment to the notice of purchasers, and we are happy to have it in our power to bear this public testimonial in his favour.

French Burr Mill Stones.—We ask the attention of the public generally, and especially of that portion which is engaged in the Flouring Business, to the certificates of many millers, and proprietors of mills, as to the excellence of the Stones manufactured by Mr. John Rhey. Many of the signers to this certificate are known to us to be men of standing, judgment in their business, and veracity.

CAUTION TO THE PUBLIC.
Tax undersigned, manufacturer of Patent Bolting Cloths, being informed by several parties, whose orders they are in the habit of executing, that Bolting Cloths, manufactured abroad, and bearing no mark or stamp, are imported into the U. States of North America, and there marked and stamped, so as to imitate the stamp of the Anchor Manufactory—and that the said Bolting Cloths are there imposed upon the public for Dutch Cloths—they feel it incumbent on them to warn the American dealers in the article against this scandalous fraud and base counterfeit, both in the interest of the dealers themselves, and of the undersigned, who are desirous of maintaining the long established repute and fame of the Dutch Cloths, and in particular of his own manufactory, the superiority of which is sufficiently acknowledged by this unprincipled imitation.

In order to guard against further deception, the American dealers are particularly requested to pay attention to the stamps, marks, and mode of packing, used in their manufactory, as a test of the genuineness of their Cloths—and they hereby give the assurance that no cloths ever were, nor never shall be delivered from their factories, without being provided with their customary and well known proofs of genuineness.

The foregoing Testimonials, with many others in my possession, which I could furnish, are offered to a confiding public; and I beg leave to assure them, that renewed exertions shall be made to furnish customers with a superior article. From my long experience in the BURR & BOLTING CLOTH BUSINESS—giving it my whole attention—I am inclined to believe that purchasers will find it greatly to their interest to patronize this establishment.

JAMES DAVIS
Opposite the Western Exchange,

HAS become by purchase of the Patent, the proprietor of the right for Centre township, Carroll county, O. to make & vend, &c. &c. A. Bear's Patent Spring Seat and Spring Girt Saddles.—The superiority of this improvement over the common saddle, is well established in Virginia, where it has been for some time in use and is spoken of in the most favorable terms by certificates taken from the Mayville Monitor. "This is to certify that a model of Bear's Patent Spring Saddle has been presented to us for inspection, and that after a careful examination we unhesitatingly pronounce it to be the best improvement both for the ease of the rider and also the horse, that we have ever seen." Francis and Joseph R. Sibert, New Market; Louis Gregory Peytonburgh, Pittsylvania; Daniel Nash James Burton, Buckingham county, Phillips Riney, Boynton, Mecklenburgh co. Va.; J. Bray, Shocks Hill, Richmond; W. Barnett, Nelson county; J. B. Bram, Christiansville, Va.; John P. King D. Hide, Prince Edward county; John McCabe and sons, Baltimore; Robert Grove Staunton, Va.

Numerous other names could be added but the above is considered sufficient.—In a few days these saddles can be obtained at the above named place, a few doors west of the Steam Mill, and opposite the Exchange. With the addition of the Worm Steel Spring Saddle, which will be kept on hand with the common kind constantly—saddlery and harness of all kinds whole sale or retail—the above saddles may be objected to by some but the undersigned just invites the public to call and examine for their own satisfaction.

N. B. One or two good journeymen wanted immediately—an apprentice will be taken to the above business if application be made soon. The subscriber would just intimate to those who consider themselves indebted to him to come forward and discharge the same immediately, as money in hand is better than out—if this is not attended to another kind of *Patton Spring* than the above will be applied.
